Lighting tools – they're a core element of every toolbox. They have a straightforward and simple purpose. Yet, when you're in a situation that requires a lighting tool, you want to make sure you have the right one. Pelican understands the critical importance of this tool. We provide a wide range of Advanced Lighting Systems to support professionals, outdoor enthusiasts and everyday do-it-yourself hobbyists. Regardless of the purpose, our lighting tools and remote area lighting systems enable you to accomplish your tasks in a safer and more efficient manner.

With this perspective, Pelican relentlessly pursues innovation for new lighting tool products and manufacturing processes. We have adopted the ANSI FL-1 flashlight standards (performance symbols and standards that effectively communicate a lighting tool's features and benefits) and continue to increase the number of indusrtry leading safety approvals for specific models.

Our new Lighting catalog features multiple technology advances. These include LED performance upgrades, new switch features,

upgraded safety approvals and enhanced packaging. You'll see that the contents within dovetail our commitment to environmentally friendly practices. Many of our flashlights use LED's and provide several benefits that help us protect our planet. LED's are longer lasting, promote extended battery life and are much brighter than incandescent bulbs.

From basic models to the high-performance 9410 LED Lantern (our brightest handheld flashlight to date) and the 9470 Remote Area Lighting System (which delivers 8,000 lumens), we are ready to provide world-class support for our dealers and end users across the globe. And, all of this comes with Pelican's industry-leading guarantee of excellence.

So look through our new catalog and discover the ideal lighting tools for your specific needs.

PERFORMANCE
STANDARDS
AND RATINGS

These standards are accredited by ANSI, which is a private non-profit organization that oversees the development of voluntary consensus standards for products, services, processes, systems, and personnel in the United States.

The organization also coordinates U.S. standards with international standards so American products can be used globally. Resulting ANSI/NEMA FL 1 Standards include the six criteria described below:

ANSI STANDARDS   (American National Standards Institute)

Why create standards? While Pelican was one of the first manufacturers to use quantifiable test procedures, the need was recognized to develop a common language that customers could use to select the right flashlight for their specific needs. As a result, the American National Standards Institute (ANSI), with input from the flashlight industry, developed performance standards and symbols to effectively communicate a flashlight's features and benefits.

GLOSSARY OF TERMS

CANDELA – A unit of measurement of the intensity of light that is emitted by a light source in a particular direction.

LUX – The unit of luminous flux in the International System, equal to the amount of light given out through a solid angle by a source of one candela intensity radiating equally in all directions.

LUMEN – A unit of measurement of the amount of brightness that comes from a light source. Lumens define "luminous flux," which is energy within the range of frequencies we perceive as light.

INTEGRATING SPHERE - An integrating sphere is a measurement device with an entrance port that can accept all the directional light output of the device under test, or can totally enclose the device itself. The walls of the sphere should be highly diffuse with high reflectivity (>80%) and the spectroradiometer should be shielded from direct view of the device under test by a baffle system.

IP (Ingress Protection) –Ingress Protection (IP) ratings specify the environmental protection the enclosure provides. The IP rating normally has two numbers (IPXX). The first number represents protection from solid objects or materials (dust) where the second number represents protection from liquids (water). With the IP rating IP 54, 5 describes the level of protection from solid objects and 4 describes the level of protection from liquids.

RECHARGEABLE – Denotes a flashlight which contains rechargeable batteries and charging station. These models are shown with the rechargeable icon.

LIGHT OUTPUT
FL 1 STANDARD
00 LUMENS

Light Output is the total luminous flux. It is the total quantity of emitted overall light energy as measured by integrating the entire angular output of the portable light source. Light output in this standard is expressed in units of lumens.

RUN TIME
FL 1 STANDARD
00 min

Run Time is defined as the duration of time from the initial light output value – defined as 30 seconds after the point the device is first turned on – using fresh batteries, until the light output reaches 10% of the initial value.

BEAM DISTANCE
FL 1 STANDARD
000m

Beam Distance is defined as the distance from the device at which the light beam is 0.25 lux (0.25 lux is approximately the equivalent of the light emitted from the full moon "on a clear night in an open field").

PEAK BEAM INTENSITY
FL 1 STANDARD
0000cd

Peak Beam Intensity is the maximum luminous intensity typically along the central axis of a cone of light. The value is reported in candela and does not change with distance.

WATER RESISTANT
FL 1 STANDARD

Water Resistant – IPX4 Water splashed against the device from any direction shall have no harmful effects.

WATER PROOF/SUBMERSIBLE
FL 1 STANDARD
000m

Water Proof – IPX7 – Ingress of water in quantities causing harmful effects shall not be possible when the enclosure is temporarily immersed in water under standardized conditions of pressure and time.

Submersible – IPX8 – Ingress of water in quantities causing harmful effects shall not be possible when the enclosure is continuously immersed in water under conditions which shall be stated by manufacturer, but which are more severe than for IPX7.

SAFETY

YOUR PASSPORT THROUGH HAZARDOUS LOCATIONS

Whether working in a **Class I** Oil Refinery or in the silo of a **Class III** Textile Mill, safety is always a concern. Your lighting tool shouldn't add to your worries. Pelican builds lighting tools approved for any work environment. In fact we make more safety approved lights certified for **CLASS I II III Div. 1** and groups **ABCDEFG** than anyone else. To find the right light for your job visit us @ **Pelican.com/safety**.

SAFETY APPROVED

HAZARDOUS AREA ELECTRICAL GUIDELINES			
CLASS I	**DIVISION 1**	**Flammable Gases, Vapors, or Liquids** (Acetylene, Hydrogen, Ethylene, Propane)	**Oil Refinery, Paint Warehouse Spray Booth, Offshore Oil Rig**
	DIVISION 2		
CLASS II	**DIVISION 1**	**Combustible Dusts** (Metals [Div. 1 only], Coal, Grain)	**Coal Mine, Munitions Factory Grain Silo, Hay Storage Facility**
	DIVISION 2		
CLASS III	**DIVISION 1**	**Ignitable Fibers & Flyings** (Machined Magnesium)	**Paper Mill, Woodworking Facility Textile Mill, Cotton Gin**
	DIVISION 2		

Division 1 (hazard likely): Where volatile substances can exist all of the time or some of the time under normal operating conditions.
Division 2 (hazard not likely): Where volatile substances are not likely to exist under normal operating conditions.

REMOTE AREA LIGHTING SYSTEMS

THE MOST INNOVATIVE RECHARGEABLE LIGHTING SYSTEM ON THE MARKET

Rechargeable Battery Powered Lighting for the most demanding tasks

- Redefines the Portable Lighting category
- Over 10 models and growing
- Best in Class performance and durability
- Designed for Heavy Duty Jobs
- Safe, Noise Free, Fume Free,
- Spot Lighting, Flood Lighting, NVG Lighting
- New Intelligent Control Switch Technology optimizes power output vs burntime
- New Safety approved 9435 for hazardous locations

TACTICAL/DUTY
LIGHTS

TACTICAL OR PATROL, PELICAN HAS YOU COVERED

These handheld and firearm-mountable lights will leave subjects frozen in their tracks. They are lightweight with no-slip bodies for a sure grip. Push button switch is easy to operate, even when wearing thick gloves. Safety features include a polarity guard tray that makes operating the flashlight impossible if cells are inverted and prevents dangerous outgassing. Smaller models make the ideal backup to the larger, primary patrol lights.

TACTICAL/DUTY LED LIGHTS

ADVANCED LED TECHNOLOGY

Packed with advanced LEDs that are powerful yet highly efficient for extended run times. Built tough to withstand the hard knocks that come with the job. Select models have a unique no-slip grenade grip body. Includes the 7060 LED, featuring patented dual switch technology. It was designed from a collaboration between Pelican and the City of Los Angeles Police Department (LAPD™) and is standard issue for numerous police departments.

HEAD LIGHTS

HEADSUP LITE™ 2690 LED
- **RUN TIME:** 10 hrs. 30 mins.
- **LIGHT OUTPUT:** 60 LUMENS

FREE YOUR HANDS

For two-handed tasks on the factory floor or at base camp, Pelican™ head lights lead the way. Super bright Incandescent and LED models include a rubber strap for helmet/hard hat use as well as an adjustable cloth strap. The lightweight 2690 features a rotary bezel switch that is easy to operate, even while wearing bulky gloves.

PACK THE POWER, NOT THE POUNDS

Our heavy duty lights are big on performance, yet light in weight. Smart features for the KingLite™ include dual filament Xenon lamp with back-up housed behind the reflector, multi-position handle, and dual direction switch with lock. The rechargeable 9410 LED Lantern uses four LEDs (for high, low, and flashing mode) powered by the latest generation NiMH batteries with charge status indicator.

HEAVY DUTY LIGHTS

LIGHT MOUNTING
SYSTEMS
AND HOLSTERS

Our tactical pressure switch replaces the standard tailcap on the flashlight. A 6" cord attached to a 2" pressure-sensitive switch mounts to the foregrip.

610 FRONT SIGHT MOUNT
Fits Pelican Lights - 2320, 2330, 2390
Includes Remote Pressure Switch. For use with: AR15, M16, and M4 Carbine

630 FOREGRIP MOUNT
Fits Pelican Lights - 2320, 2330, 2390
Includes Remote Pressure Switch. For use with: Heckler, and Koch MP5

620 SIDE SLING MOUNT
Fits Pelican Lights - 2320, 2330, 2390
Includes Remote Pressure Switch. For use with: AR15, M16, and M4 Carbine

2326 REMOTE PRESSURE SWITCH
Fits Pelican Lights -2320, 2330, 2390

HELMET LIGHT HOLDERS

770 UNIVERSAL HELMET LIGHT HOLDER
Fits most known helmet designs and functions with 16 different Pelican flashlights. Tough polymer construction with brass inserts and stainless steel hardware.

Fits the Following Pelican Lights:
- MityLite™ 2300
- M6 2320
- M6 2330 LED
- MityLite™ 2340 & 2340NVG
- M6 3W 2390 LED
- StealthLite™ 2400, 2400NVG & 2400PL Photoluminescent
- StealthLite™ 2410 Recoil™ LED & 2410PL Recoil™ LED Photoluminescent
- MityLite™ 2430
- StealthLite™ Rechargeable 2450
- StealthLite™ Rechargeable 2460 Recoil™ LED
- PM6 3320
- PM6 3330 LED
- Other Helmet Light Holders availble (see chart on next page)

PRIVATE LABEL

Pelican Products offers the ultimate in private labeling. You can put your company name and logo or a special statement on many Pelican lights. Our in-house private label molding and production department has complete short and long run capabilities for a variety of custom applications and custom colors. We have the latest hot stamping equipment, utilizing the world's most durable epoxy inks and foils in our screening, hot tipping, embossing, and molding programs.

GRAPHIC DESIGN STUDIO
Our in-house graphics studio will take your logo and size it appropriately to the flashlight of your choice.

HOT STAMPING DEPARTMENT
Our hot stamping department, equipped with the latest technology in custom imprinting. Minimum quantities apply.

100% ACCURACY
Pelican's strict QA inspection team will check for quality of print and 100% accuracy in color and placement.

CASES AND SPECIALTY PRODUCTS

The same durability and ingenuity built into every Pelican light also sets our cases and specialty products apart. We are protecting equipment in the world's harshest environments.

PELICAN AND PELICAN STORM CASES

MICRO CASES

SPECIALTY PRODUCTS

ROTO MOLDED PRODUCTS

- ■ Watertight cases for wet conditions
- ■ Long cases for military and law enforcement
- ■ Specialized laptop and organization solutions for off site jobs
- ■ Micro Case protection for small electronics
- ■ Specialty products for portable workspace and organization solutions

FLASHLIGHTS
PELICAN LEGENDARY FULL LIFETIME GUARANTEE OF EXCELLENCE

Pelican Products, Inc. guarantees its lights for a lifetime against breakage or defects in workmanship. This guarantee does not cover the lamp or batteries (rechargeable or alkaline).

Pelican will either repair or replace any defective product, at our sole option. THE REMEDIES HEREBY PROVIDED SHALL BE THE EXCLUSIVE AND SOLE REMEDY OF THE PURCHASER.

TO THE EXTENT PERMITTED BY LAW, IN NO EVENT SHALL PELICAN BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, OR SPECIAL DAMAGES, REGARDLESS OF WHETHER A CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, NEGLIGENCE OR OTHERWISE. In no event shall Pelican's liability to the purchaser for damages hereunder exceed the purchase price of the product in respect of which damages are claimed.

To make a warranty claim, the purchaser must contact Pelican Products, Inc. at 23215 Early Avenue, Torrance, CA 90505 or sales@pelican.com. Any warranty claims shall be made by the purchaser as soon as practicable. The purchaser must obtain a return authorization number from Pelican Customer Service prior to returning any product. In the event that Pelican determines that any returned product is not defective, within the terms of this warranty, the purchaser shall pay Pelican all costs of handling, transportation and repairs at Pelican's prevailing rates.

All warranty claims of any nature are barred if the flashlight has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

Lifetime Guarantee does not cover Roto Molded or AALG products.

REMOTE AREA LIGHTING SYSTEMS
PELICAN 1 YEAR LIMITED WARRANTY FOR AALG PRODUCTS

Pelican Products, Inc. ("Pelican") warrants to the original purchaser its Remote Area Lighting Systems (RALS) and all other products manufactured by the Advanced Area Lighting Group (AALG) against defects in materials and workmanship under normal use, service, and maintenance for a period of twelve months from the date of purchase. This warranty applies only to the original purchaser and is not transferable.

TO THE EXTENT PERMITTED BY LAW: (A) THIS WARRANTY IS IN LIEU OF ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND (B) ALL OTHER IMPLIED WARRANTIES AND ANY LIABILITY NOT BASED UPON CONTRACT ARE HEREBY DISCLAIMED AND EXCLUDED.

TO THE EXTENT PERMITTED BY LAW, IN NO EVENT SHALL PELICAN BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, OR SPECIAL DAMAGES, REGARDLESS OF WHETHER A CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, NEGLIGENCE OR OTHERWISE. In no event shall Pelican's liability to the purchaser for damages hereunder exceed the purchase price of the product in respect of which damages are claimed.

With valid dated proof of purchase, Pelican will either repair or replace ay defective part, at our sole option. THE REMEDIES HEREBY PROVIDED SHALL BE THE SOLE AND EXCLUSIVE REMEDIES OF THE ORIGINAL PURCHASER. Any repaired or replacement part or unit is covered only for the unexpired portion of the warranty on the original product purchased.

To make a warranty claim, the purchaser must contact Pelican Products, Inc. at 23215 Early Avenue, Torrance, CA 90505 or sales@pelican.com. Any warranty claims shall be made by the original purchaser as soon as practicable following discovery of any defect and in no event more than twelve months from the date of purchase. The purchaser must provide valid dated proof of purchase and obtain a return authorization number from Pelican Customer Service prior to returning any product. In the event that Pelican determines that the returned product is not defective, within the terms of this warranty, the purchaser shall pay Pelican all costs of handling, transportation and repairs at Pelican's prevailing rates.

All warranty claims of any nature are barred if the product has been altered or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.
